

The Ancestral® window

in a Class by itself

The original and still unmatched in-swing French casement window. Our craftsmen's pride.

Elegance and Old World charm with all the modern features you deserve.

This outstanding French casement window can be pre-finished piece-by-piece before assembly. Stained or painted in our state-of-the-art paintshop.

Assembled by hand with humidity controlled solid wood pieces.

The first NFRC-Energy Star rated window of its kind

Custom sizes, shapes and options to fit your requirements.

Own a piece of history that will stand the test of time.

THE ANCESTRAL® WINDOW

SOLID WOOD CONSTRUCTION

Choose from White Oak, Western Red Cedar, African Mahogany, Douglas Fir or Honduran Mahogany. Solid wood only, no laminates, finger joints or veneer are used.

EXTERIOR CASING OR BRICKMOLD

Available upon request in standard or custom profiles. Interior casing is also available.

GLASS

Factory glazed with single lite or custom insulated glass units. 3/4" IGU is standard. Low-E, Argon filled, Tempered, Laminated and restoration glass options available.

1 3/4" SASH

Offers incomparable strength and high performance ratings with its hidden mortise and tenon construction and maintains classic lines.

1 3/8" FRAME

Nothing compares with our solid wood frame. Providing incredible strength, stability and durability with a 10 degree sloped sill.

MUNTINS

Custom or standard 7/8" Simulated divided lite (SDL) and True divided lite 1 1/4" (TDL) options. With choice of colors for perimeter and internal spacer bars.

HARDWARE

Unique rustic cremone bolts and matching hinges directly from Europe. Comes standard in black cast iron or in many other finishes upon request.

SCREEN

Wood frame screen with fibreglass, stainless steel or bronze mesh. Roll-up screens available upon request on special orders.

IN-SWING OPENING

We have perfected centuries old concepts and developed a truly modern in-swing French casement window.

One piece machined stiles and rails, triple weather-stripping and cast iron casement latch work together to create the perfect Ancestral

window. Ideal for European style mansions, yet charming for cozy cottages, this window easily becomes the main attraction of the house.

RATINGS AND CERTIFICATIONS

Tested by an independent lab in accordance with the NFRC and Energy Star standards.
